Roto-molded 10U Top Mixer Rack

The 1SKB-R100 is a 10U slanted top rack mixer case that features steel threaded rails, a hard lid and a removable rear door for maximum access to the rack gear, side access ports (for cable routing) on each side with a comfortable rubber over-molded handle on each side for easy carrying.

The one piece base is roto-molded of Linear Medium Density Polyethylene (LMDPE) while the hard cover and rear door are Injection molded of Rubber Modified Styrene (RMS). Two TSA locking SKB patented Trigger Latch® System secure the lid while the flat hard top allows for stacking with the revised roto racks to create a modular solution for easy set-up.

This case comes with Travel Sentry® Approved locking latches installed. Using Travel Sentry® Approved locks allows your luggage to be opened, inspected, and relocked by TSA authorities without damage. For more information, visit www.travelsentry.org.
