

COB-PLANO

Product 4951

JBSYSTEMS

Beschrijving

- Extremely compact energy saving COB LED-projector !
- NO separate LEDs: equipped with a 36W COB LED assuring perfect color mixing and the look of a traditional lamp !
- Two different beam angles: 50° wide angle or 25° while using the supplied lens.
- IR-remote controller included: no difficult controllers needed, perfect for DJ's !
- Different working modes:
 - Standalone with IR-remote: automatic / beat synchronized color patterns.
 - Master/slave mode: several projectors can be used together for wonderful preprogrammed, music synchronized lightshows.
 - DMX-controlled: different channel modes with program selection and individual RGB control.
- Remote addressing can be done using the IR-remote !
- Perfect for mobile applications: extremely small and very low
- Many applications possible: Discotheques, DJs, rental companies, ...
- 0-100% dimming and ultra-fast strobe function (no additional strobes needed!)
- 4digit LED-display for easy menu navigation
- Double bracket: easy for use as floor spot !
- Can even be installed inside QUATTRO 290 ALU-truss AFTER the truss is installed !
