BSV150

Displayport - Displayport

Highlights:

- Flexible PVC jacket
- Triple shielding
- Oxygen free copper

Product information:

The BSV150 is a basic series quality DisplayPort cable offering a reliable solution for DisplayPort interconnections in audiovisual systems. This cable complies to the highest available certification standards in DisplayPort, supporting high resolutions up to 4K x 2K (3840 x 2160 @ 60 Hz) with a maximum HBR2 bandwidth of 21.6 Gbps as well as optional audio support. The combination of gold plated contacts with oxygen free copper conductors and triple shielding guarantees an optimal performance. Lengths below 5 meters are composed using a 30 AWG conductor section, supporting while the length of 5 m is composed using an 28 AWG conductor section. The cables are certified to support DP specifications 1.2 and ensure high quality & reliable connection for all your DisplayPort devices.

Properties:

Product Features:

Application	AV & IT
Series	Connect Series

Variants:

- BSV150/1.5 - 1.5 meter
