|----------------------------|-----------------------------------------------------------------------------------------------|
| Lamp shade length          | 300 mm                                                                                        |
| Special features           | includes power adapter;<br>brightness dimmable;<br>warm white light (3000 K), Flux: 230 Lumen |
| Intensity                  | ~2,500 lux                                                                                    |
| Visibility                 |                                                                                               |
| Lighting appliance         | 12 LEDs                                                                                       |
| Power supply               | only mains operation                                                                          |
| Material                   | Base zinc die-cast, gooseneck steel, plastic lamp shade                                       |
| Type                       | gold-colored                                                                                  |
| Price display              |                                                                                               |
| Light positioning by       | gooseneck                                                                                     |
| Electrical connection data | 230 V AC 50Hz                                                                                 |
| Connection                 | electric cable 3 m                                                                            |

Piano lamp with elegant design. State-of-the-art LED technology ensures pleasant warm white light (3000 K, 12 LEDs, 2500 Lux), long life and low energy consumption. A variable dimmer switch adjusts the brightness. Optimum positioning thanks to a long and flexible gooseneck (415 mm length). The heavy base ensures a stable stand. Power supply is included.
