**USB-C® to USB-A
Charging Cable**

■ Get Started

Download and install the Spark app to unlock all of your Spark's smart features, gear, and more!

App Store
iOS 11 or later

Google Play
Android 8 or later

- Download the Spark app using the QR code above or search for "Spark amp" in the App Store or Google Play.
- Turn on Spark GO by holding the Power button until the LED illuminates, then open the Spark app on your mobile device.
- Tap Connect and the Spark app will search for your Spark GO. Select yours from the list and you're ready to play.

■ Using Spark GO as a Guitar Amp

- Plug your guitar into the Guitar Input jack on the top control panel.

- Select one of the four presets available and adjust the volume by using the Guitar Volume knob on the top control panel.

- To access more tones and create your own, download the Spark app using the QR code on page 1 or search for "Spark amp" in the App Store or Google Play.

■ Using Spark GO as a Wireless Bluetooth® Speaker

- When connecting to Spark GO for the first time, turn Bluetooth® on in your mobile device settings, and select “Spark GO Audio” from the list of scanned devices.

- Spark GO will automatically pair with the last device it was connected to. If the last device is not available, Spark GO will automatically connect to a device that has been previously paired.

- To pair a new device, press the Power/Pair button on the side panel, turn Bluetooth® on in your mobile device settings, and select “Spark GO Audio” from the list of scanned devices.

■ Top Control Panel

A**Preset Selector**

Press the preset button to select one of four presets on Spark GO.

These presets can also be customized in the Spark app. The red LED indicates the preset currently in use. Hold the Preset button to enter Tuner Mode.

B**Music Volume**

Adjusts the sound volume of Bluetooth® devices.

C**Headphone/Line Out (3.5mm)**

Plug in a pair of headphones with a 3.5mm jack. Note that sound will not come out of Spark GO's main speaker when headphones are plugged in.

D**Guitar Input**

Plug in your guitar with a standard 1/4" (6.3mm) guitar cable.

E**Guitar Volume**

Adjusts the overall volume of your guitar.

■ Side Panel

Bluetooth® Indicator

Indicates the status of your Bluetooth® audio connection.

- Solid Blue: Connected.
- Flashing Blue: Pairing.

Power Indicator

Indicates power and battery status.

- Solid Green: Powered on or fully charged.
- Solid Red: Low battery.
- Flashing Red/Green: Charging.

Power/Pair Button

- Hold to turn Spark GO on or off.
- Press to enter Bluetooth® pairing mode when connecting to a new device.

USB Port

Connect the included USB-C® to USB-A cable to charge Spark GO.

■ Grille & Strap Swapping

Grille

- Remove the current grille by detaching it gently from the bottom edge of Spark GO with your fingertips or a guitar pick.
- Insert a new grille by lining up the magnetic pegs with the holes in the cabinet. The new grille will then snap into place.

Strap

- Remove and swap out the strap by unscrewing the button that attaches it on the side of Spark GO.

APP DOWNLOAD

Download the Spark app using the QR code above or search for “Spark amp” in the App Store or Google Play.
