Showgear LoadMaster Rack Cover 600mm, 1.800mm

For LoadMaster Rack 6x18

**SHOW
GEAR**

EAN: 8717748627155

The Showgear LoadMaster Rack Cover is a polyester cover for the LoadMaster Rack 6x18. It is water-resistant, keeps your fixtures and gear dust-free and protects the rack and its contents from scratches and harm. Zips at each corner allow easy access to the rack from all sides. Hook and loop strips allow the sides to be rolled up and held in place for easy loading and unloading of the rack. Each side features four flap-covered openings for access to the handling bars; these flaps can be neatly closed using hook-and-loop closures when not in use. Short hook and loop strips are incorporated for attaching the cover to the rack. Two translucent sleeves allow for easy labelling.

Special features:

- Easy access from all sides
- Convenient hook and loop strips
- Labelling sleeves
- Compatible with LoadMaster Rack systems
