

iSeries 1610-10 Hanging File Case

Your important documents might be protected from a fire while secured in your safe at home -- but what about the water damage that frequently follows? SKB is proud to introduce the 3i-1610-10BF iSeries 1610-10 Waterproof Hanging File Case, which offers a built-in solution for documents and hanging file folders housed in our MIL-SPEC, watertight, dustproof, and virtually indestructible iSeries 1610-10 case. This case is perfect for storing important documents within your safe, as well as documents that frequently travel on the road, at construction sites, in extreme conditions for scientific research, and more.

The 3i-1610-10BF features a usable hanging file area of 12" wide by 10" deep (to accommodate standard 1/2 cut tab 8.5" x 11" hanging file folders**), 1.5" wide x 2" deep accessory trays on either side for additional storage of small items, and built-in TSA-accessible locking latches.

This case comes with Travel Sentry® Approved locking latches installed. Using Travel Sentry® Approved locks allows your luggage to be opened, inspected, and relocked by TSA authorities without damage. For more information, visit www.travelsentry.org.

SKB iSeries Injection Molded Mil-Standard Waterproof Cases are molded of ultra high-strength polypropylene copolymer resin, featuring a gasket-sealed, water and dust tight, submersible design (MIL-STD 810H) that is resistant to corrosion and impact damage. Standard features include a molded-in hinge, padlock loops, Trigger Latch® System, snap-down rubber over-molded cushion grip handle, automatic ambient pressure equalization valve (MIL-STD 810H), and resistance to UV, solvents, corrosion, fungus and impact damage (MIL-STD 810H).
